ESSAY PLEASE READ CAREFULLY

ALL ANSWERS ARE TO BE WRITTEN ON THE BLUE BOOKS PROVIDED WITH THIS EXAM. BE SURE TO NUMBER EACH RESPONSE.

There are two questions (time and percent indicated). The Time for completing the examination is three hours.

- 1. This examination is "open book". You may use your casebook, statutory supplement, and class notes. Use of cell-phones, calculators and laptops and other electronic devices is not permitted.
- 2. Be sure to answer the specific question that is asked. No question asks for a general recitation about a topic from you notes. Information supplied relating to general material from your notes or some unasked question will not increase your score and consumes you time needed to answer the asked questions.
- 3. If additional facts are necessary to resolve an issue, specify what additional facts you believe to be necessary and why they are significant. You may not make an assumption that changes or contradicts the stated facts.
- 4. Quality, not quantity, is desired. Think through and briefly outline your answer before you begin to write.
- 5. Write legibly. Be sure to formulate your answers in complete sentences and paragraphs with proper grammar. Failure to do so will result in an appropriately lower score.
- 6. Do not seek an interpretation of language in the question from anyone. If you sense ambiguity or typographical error, correct the shortcoming by shaping the question in a reasonable way and by recording your editorial correction in your answer.

Under the Honor Code, when you turn in this examination, you affirm that you have neither given, received, not obtained aid in connection with this examination, nor have you known of any one so doing. If you cannot make this affirmation, you shall note such fact on your examination and must immediately advise the Dean of the reason therefore.
